'Gold for the Bondholders.'

(From the Chicago Tribune, Sept 13.)

One of the stereotyped electioneering allegations of the Copperheads is that the Republican party is in favor of paying gold to the bloated bondholder and shinplasters to the horny handed plowholder. But how will they relish the following revelation concerning the Democratic record on that point:

"The Hon. Edward McPherson, Clerk of the House of Representatives, publishes the vote of the House (1862) on concurring with the Senate's amendment to the Legal Tender bill whereby the interest on the five twenty bonds was made payable in coin. On this proposition, which Mr. Stevens vehemently opposed, the Republicans stood Yeas [illegible] nays [illegible] a majority in the negative. All the Democrats but two [illegible] of Pennsylvania and Noell of Missouri voted to pay the interest in gold and carried it. Forty five Democrats recorded their votes in favor of paying gold, and only two the other way."

Here are the names of the 45 Democrats who voted to pay interest on coin:

"Sydenham E. Ancona, of Pennsylvania; Chas. J. Biddle, of Pennsylvania; William G. Brown, of West Virginia; George H. Browne, of Rhode Island; Charles B. Calvert, of Maryland; George T. Cobb, of New Jersey; Sam'l S. Cox, of Ohio; James A. Cravens, of Indiana; John J. Crittenden, of Kentucky; George W. Dunlap, of Kentucky; James E. English, of Connecticut; Henry Grider, of Kentucky; Edward Haight, of New York; Wm. A. Hall, of Missouri; Aaron Harding, of Kentucky; William S. Holman, of Indiana; Philip Johnson, of Pennsylvania; Anthony L. Knapp, of Illinois; John Law, of Indiana; William E. Lehman, of Pennsylvania; Robert Mallory, of Kentucky; Henry May, of Maryland; John W. Menzies, of Kentucky; Warren P. Noble, of Ohio; Elijah H. Norton, of Missouri; Robert H. Nugent, of Ohio; Moses F. Odell, of New York; George H. Pendleton, of Ohio; Nehemiah Perry, of New Jersey; Jas. C. Robinson, of Illinois; James S. Rollins, of Missouri; William P. Sheffield, of Rhode Island; George K. Shiel, of Oregon; Edward H. Smith, of New York; John B. Steele, of New York; William G. Steele, of New Jersey; Clement L. Vallandigham, of Ohio; Chauncey Vibbard, of New York; Daniel W. Voorhees, of Indiana; Elijah Ward, of New York; Edwin H. Webster, of Maryland; Kellian V. Whaley, of West Virginia; Charles A. Wickliffe, of Kentucky; George C. Woodruff, of Connecticut; Hendrick B. Wright, of Pennsylvania."

Whose ox is now gored? To what party do Pendleton, Vallandigham, Voorhees, Robinson and Knapp belong? What now becomes of the Copperhead party clamor of gold for the bondholder and rags for the people?

WAITING TO HEAR FROM MAINE.

Everybody is waiting with intense anxiety to hear the first gun from Maine, though the Democracy, owing to the latest indications from that quarter pretend to care but little about the result, inasmuch as in their judgment it will not have the slightest significance as a prognostic of the future. This is somewhat different from their talk but a few days ago. Yesterday's eastward bound steamers and railroad cars went off full of passengers, a large portion of them voters in Maine, who are hurrying home to take part in Monday's election. To-day the crowd will be even larger than it was yesterday. It is safe to affirm that of these nine tenths are Republicans, inasmuch as of the Down East Democrats sojourning here, the larger portion can't raise money enough to get away, while nearly all the remainder dare not go back. "As goes Maine, so goes the country." That used to be the stereotyped cry of the Democracy before that gallant State began to tread in the footsteps of her foster mother. But, as has just been intimated, that cry is not heard just now from the Democratic mouthpieces.

THE ROTHSCHILD CANDIDATE

Governor Seymour has been called the Rothschild candidate for the Presidency. Some of his friends in the West, disliking this designation, point to the repudiation plank of the Democratic platform as good evidence that he is not in league with the monied aristocrats of Europe. At the North, the party is sailing on the other tack. They deny that Seymour is a repudiator, or that his platform means repudiation, and they ask, with an air of triumph, whether if Belmont, the agent of the Rothschilds, did not know that his candidate is sound on the financial question, he would be found among his most ardent supporters? Possibly Belmont is right in his belief. But should the Democracy happen to be successful (this hypothesis is merely used for convenience sake)—should the Democracy happen to succeed, the vital struggle on the financial question will come up after the election, and in that struggle the men who were the most instrumental in putting Seymour in power—the Western and Southern Copperheads—must needs prove the successful party. Seymour showed pretty conclusively at the July Convention that he is a mere man of clay, to be fashioned into any shape the political potters having him in hand may choose to select.

Easily Proved

It is perfectly easy to prove by Democratic and rebel authority the following propositions:

First—That the rebellion, which was the immediate cause of the present national debt and its burden of taxation, was inaugurated under and by a Democratic administration, and carried on by the Democratic party, under Democratic leaders.

Second—That the Copperhead leaders and their rebel allies are influenced by the same relentless hostility to the principles of Republican liberty now as during the rebellion, and are acting in concert, through the same treasonable agencies to regain control of the Government.

Third—That their settled policy is to annul all the laws of Congress inconsistent with their interests, ignore the reconstructed State Governments, and repudiate the national debt, even at the expense of another civil war.

SOUTHERN ORATORS.—The New York *Citizen* (Democratic), comes out frankly on the orators of the South, and says:

If there is a man among our Southern friends who heartily desires the restoration of the Union, and fraternal feeling between the North and South, let him say so now, or forever after hold his peace. We have heard from Wade Hampton, Toombs, Cobb, Wise, and Semmes, and do not like to accept them as the sole exponents of Southern ideas. What is wanted is a prominent rebel so far converted and enlightened that he looks upon the lost cause as actually lost and not capable of reconstruction. Perhaps our peculiar assistants at the South do not care to succeed in the approaching election. Chivalry is one more other high sounding quality with which we at the North are supposed to have no acquaintance, may interfere. Perhaps they will not accept terms from Northern mudsills; in that case their conduct is the best possible. They cannot carry the South and do not care to have us carry the North.

We have just emerged from one bloody war and we are threatened with another—*by the same men and for the same reasons*. In 1860, with others, the eighty two rebels who represented the Southern States in the recent Democratic National Convention, proclaimed war in the event of Lincoln's election. And war came, because the Democratic Administration then in power, connived with those who inaugurated the strife.

In 1868, the same men, fresh from the slaughter of half a million of loyal men, again threaten war if Grant is elected, and the nullification of the Constitution and the laws—which will render a civil war inevitable—if he is beaten.

The New York *Herald*, of the 10th Sept., which is not a Grant paper, says: "The newspaper organ of Messrs. Belmont and Barlow claims heavy Democratic gains in the Maine election, and that proportionate gains will give them the State of Pennsylvania, Ohio and Indiana by handsome majorities. If a frog at the bottom of a well jumps up four feet and falls back six every jump, how many jumps will bring him out?"

The Fourteenth Amendment

(From the Chicago Tribune Sept 18.)

Mr. George E. Pugh, of Ohio, who served a term in the United States Senate, in a recent speech, declared [illegible] the fourteenth amendment [illegible] not worth a three cent [illegible], and he added that the Democratic party would not respect [illegible] a part [illegible] the intense opposition to this part of the Constitution on the part of the rebels [illegible] by all the public men of the Democratic party. The correct cause of this [illegible] to the fact that it crushes out [illegible] claims upon the National Treasury [illegible] the men North and South [illegible] interest. [illegible] part of the Constitution [illegible]

1. That the validity of the public debt of the United States [illegible] pensions and bounties for services in suppressing insurrection or rebellion shall not be questioned.

2. That neither the United States nor any State shall assume or pay any debt or obligation incurred in aiding insurrection or rebellion against the United States, nor any claim for the loss or emancipation of any slave; but all such debts, obligations or claims shall be held illegal and void.

The debt of the Confederacy was in round numbers $3,000,000,000, and at least $1,000,000,000 may be added as the debt of individual States. The loss of slaves is put down at $1,800,000,000 and the loss of private property at $500,000,000, making an aggregate of $6,300,000,000 of claims upon which these men expect to trade hereafter. This amendment extinguishes all this entire body of debt, prohibits the payment and removes from the politics of the country the temptation of accepting bribes for the legalization of this monster debt.

The Democracy apparently make a desperate fight over the national debt, but the grand secret of the opposition of the Belmonts and all the brokers and jobbers in claims to this fourteenth amendment is that it crushes out of existence the six thousand millions of the rebel debt. If that amendment could be defeated, the Belmont, Slidell and Erlanger lobby, under the lead of Jerry Black, and the other Democratic chieftains could use these claims to corrupt not only the Congress but every other branch of the government. A corruption fund of six thousand millions of dollars, or even a moderate per centage thereon, to be distributed for votes in Congress, for judicial opinions and Executive approvals and orders would enable the owners to turn the government into a vast private corporation, with indefinite powers and indefinite means at its command.

The fourteenth amendment arrests all this dishonesty at the threshold, and hence the unanimity with which the Democrats, North and South, have resisted its adoption and now deny its validity.

"FREEDOM SHRIEKED AS KOSCIUSKO FELL."—The *University Magazine* of the University of Virginia publishes the following copy of the will of Thaddeus Kosciusko, which for nearly half a century has been lying buried and forgotten, in the clerk's office of the Circuit Court of Albemarle. It was admitted to record on the 12th day of May, 1819. The Circuit Court, Judge Archibald Stuart presiding, was then in session. An illustrious man—then as at all times, the observed of all observers—walked into Court. On perceiving that Thomas Jefferson was present, further proceedings on the matter then before the Court was suspended till he could be heard. He took from his pocket a paper which he said was the will of his friend General Kosciusko, that the will was written entirely in the handwriting of the testator. The usual oath was then administered by the clerk, the necessary interrogatories formally put, affirmatively answered, and the will was admitted to record. Mr. Jefferson then stated that at his advanced age it was not in his power to undertake the burden of the execution of the will, and thereupon declined to qualify as executor.

THE WILL

I, Thaddeus Kosciusko, being just in my departure from America, do hereby declare and direct that should I make no other testamentary disposition of my property in the United States, I hereby authorize my friend Thomas *Jefferson* to employ the whole thereof in purchasing negroes from among his own or any others, and giving them liberty in my name, in giving them an education in trades or otherwise, and in having them instructed in their new condition in the duties of morality, which may make them good neighbors, good fathers or *mothers*, husbands or wives, and in their duties as *citizens*, teaching them to be defenders of their liberty and country, and of the good order of society, and in whatsoever may make them happy and useful, and I make the said Thomas Jefferson my executor of this.

T. KOSCIUSZKO

5th day of May 1798

At a Circuit Court for Albemarle county, the 12th day of May 1819

This instrument of writing, purporting to be the last will and testament of Thaddeus Kosciusko, deceased, was produced into court, and satisfactory proof produced of its being entirely written by the said Thaddeus Kosciusko, the same is ordered to be recorded, and thereupon, Thomas Jefferson, the executor therein named, refused to take upon himself the burthen of the execution of the said will.

Eastern Fact and Gossip

[Washington Correspondence (Sept 15) Chicago Tribune.]

Ex-Governor Curtin, of Pennsylvania, has been made President of a telegraph company. The Governor ought to be more heartily upon the stump. He is the most genial and successful speaker in the State. Ex-Manager Tom Williams of the impeachment trial is not to be in his seat hereafter. That vast argument he made with reference to our country reaching from sea to sea has satisfied the measure of his fame.

In Thad. Stevens' district, his law student Dickey, has very properly been nominated. He has as much conviction as Stevens and more sense. We shall carry Pennsylvania by from sixteen to twenty thousand majority. The Democratic canvass has much distressed them.

From New Jersey I hear that the prospects are most cheering.

John Defrees came home from New York on Friday, and reports that the Republicans are confident of reducing the rioters' majority in that city to 35,000. The entire Republican press is working earnestly and harmoniously there. Dana's *Sun* is doing intelligent and circumspect work. The *Times* and *Post* are equally wise, and Hugh Hastings is making the *Commercial Advertiser* very interesting and vigorous.

To this town Blackley has come humiliated. I do not know him and he has been already too well abused.

Congressmen are coming back in squads to see the only perfect city in the United States. The hotels take day boarders at table for a dollar a day. The library of Congress is open, and this is the larger half of the city. I saw Senator Fowler beaming as a bridegroom, in town on Sunday. Where be the portents that were going to arise and strike Fowler and Fessenden off the earth?

BETROTHAL OF MR. COLFAX.—The Springfield *Republican*, whose editor was one of Mr. Colfax's companions in his recent tour to the West, says: "The gossips are right at last in making a matrimonial connection for Speaker Colfax. He is 'engaged' to Miss Nellie Wade, a niece of Senator Wade, of Wade of Ohio, and one of the family party that accompanied the Speaker on his late trip to the Rocky Mountains. She is a sweet, sensible, accomplished lady of thirty years, an Ohio farmer's daughter, quite worthy the place she has won in the heart of the second man in the public life of the nation, and of the position by his side in home and in society she is destined soon to take. Her father, the brother of the Ohio Senator, died several years ago, and she spent part of a winter in Washington with her uncle two years since, when the acquaintance began with Mr. Colfax and his family, which has ripened into the interesting relation so pleasant for all the Speaker's friends to know and so promising to his happiness for the future. The Rocky Mountains whispered the sweet secret to the world and congratulations are echoed back from all quarters to both parties."

Ruffianism in San Francisco.

There is an element of ruffianism in San Francisco that in its zeal to secure the success of the Democratic party, would follow the precedents that have been established, at different times in New Orleans, Baltimore, and a few weeks ago, at Camilla, in Georgia. Attempts have been made to disturb Republican meetings and to intimidate the Union men. It is not likely that there is an actual branch of the K. K. K. in San Francisco, but there are some ruffians who evidently wish to convey the impression that the order has branches in California. The *Alta* of Sunday published the following letters, which have been received at that office:

"SAN FRANCISCO, Sept. 25, 1868.

Assumption of the Rebel Debt

The fourteenth amendment to the Constitution of the United States forbids the payment of any portion of the rebel debt, and the Democratic party pronounce that amendment void and are doing their best to destroy it. That party have already declared in favor of the virtual repudiation of the national debt, and it is quite natural that their next step should be the assumption of the debt which their Southern friends incurred in defending themselves against what Democrats used to call the unconstitutional coercive measures of Lincoln's hirelings. Let not this matter be lightly treated. Wade Hampton, the present head of the Democratic party and the maker of its platform, in his speech at Charleston told his fellow confederates that he was not as firm in his demands for their rights at the New York Convention as he should have been had he not been assured by the Northern leaders that he would make more in the end by being cautious at the first; that "if he would not contend for the insertion of too much in the platform himself and his friends *should have everything they wanted after the party had fought its way to power*." The Mobile *Tribune*, the principal "Democratic" paper of Alabama, takes Hampton's words for a text, and comments in this style:

One of the very first things we will ask will be *the assumption of the Confederate debt.* This is precluded by the amendment known as the fourteenth article. *But the Democracy deny that this amendment has been legally adopted.* This, it may be said, is the result of *the promise to Hampton*, and is made as a *guarantee of their good faith*.

It is on this promise given by the Democratic Convention, that the Democrats of the South (who were the rebels of the war) are supporting Seymour and Blair. And the Democratic majority in the Oregon Legislature are doing what they can to fulfill this promise and prepare the way for the assumption of the rebel debt, by repudiating a part of the Constitution, as required by such organs of Southern Democratic sentiment as the Mobile *Tribune*!

The New York *Herald*, which of late has been considered a great Democratic authority, thus interprets the Maine election: "Although the Democrats could scarcely have hoped to carry Maine, they labored hard for the moral effect of a reduction in the Republican majority; but the decision is so positively against them that they must be very wilfully blind if they can find any comfort in it. Maine indicates that popular instinct has taken the full measure of the Democracy. Democratic principles and purposes have been judged, not by the guarded phrases of careful party writers, nor by the nice negations of the party platform, but by such utterances of that spontaneous and thoroughly genuine outbursts with which Wade Hampton gloried on his return from the nominating convention to his home in South Carolina. Such utterances were felt to be sincere by the people who jealously watched every act of the returning Southerners; denial only deepened their effect by keeping attention fixed upon them, and the nation has determined that Seymour is only put in the front of the party as a disguise and cover to men who hold resolutely desperately to the views of Hampton, Cobb and Toombs."

The New York *Journal of Commerce*, whose Democracy is of the most unflinching kind, says: "The result of the election in Maine is decidedly favorable to the Republicans. The majority may not be so great as on some former occasions, when unusual excitement brought out the whole vote, and, in view of the extraordinary exertions made by both parties in the recent canvass, this may be claimed by some enthusiastic Democrat as an evidence of their growing popularity, but this claim is without any material foundation. The reaction against the Radicals, which marked the elections of last fall, has been checked beyond question through the methods adopted by their opponents in the conduct of this campaign. Instead of conciliating the wise and good of all parties, and thus forming a strong Conservative alliance that would have swept the country, the men of extreme views and reckless conduct have been taken into counsel, and violent denunciations have been employed in place of reason and sober argument."

THE GERMANS.—The Germans as a class are always true to freedom and the rights of man. Our German American citizens supported the Government during the late rebellion, and added much to the national strength, both in the field and at the ballot-box. The *Oregon Patriot*, (German weekly of this city), says the nearer election day approaches the clearer Democrats see they will have to dispense with the support of German American citizens. The editor further says that all his German exchanges give glowing accounts of the stand taken by the German population in the present campaign. They are almost a unit for Grant and Colfax.

The Huntsville, (Ala.), *Independent* gives the following under the head of "Cheering news": "General L. P. Walker, who has spent several months in New York State and Pennsylvania, returned home yesterday morning, and brings most encouraging news. He is confident of the success of the Democratic ticket—that the North is completely revolutionized and the defenders of freedom aroused as they never were before." This cheerful patriot, L. P. Walker, is the man who, as Secretary of War of the Southern Confederacy, sent the telegram from Montgomery to Beauregard at Charleston, commanding the bombardment of Fort Sumter.

The French Republicans of San Francisco have organized a Grant Club, which is one of the most powerful organizations in the city. This is the first time the French American citizens of that city have ever organized as a class for a political object. Their Club was out in large numbers in the late immense torchlight procession in San Francisco.

Senator Williams' Appointments

Senator Williams speaks at Hillsboro to-day (Saturday). On Thursday the 15th inst., at one o'clock P. M., he will address the people of Clackamas at Oregon City, and on Saturday, the 17th inst., at the same hour, he will address the people of Yamhill at Lafayette.

The true story about those Democratic "gains" in the Connecticut town elections appears in our dispatches this morning. The Republicans have carried a large majority of the towns in the State. Connecticut will give her vote to Grant and Colfax.

Pike county, Missouri, and Pike county, Illinois, held a Democratic convention at Louisiana, Mo., on the 29th of August. The Pike convention was addressed by about a dozen Confederate Colonels.

LETTERS FROM THE CAPITAL

SALEM, Thursday, Oct. 8, 1868.

REPORT FROM INSANE ASYLUM COMMITTEE.

In the Senate this morning, Mr. Hendershott, from the Committee to whom was referred the matters relating to the keeping of the insane and idiotic of the State, submitted a report, in substance that the Committee had examined the several propositions for keeping the insane and had arrived at the conclusion that the best proposal submitted was that of Drs. Hawthorne & Loryea, who propose to renew their contract for two or more years at the rate of seven dollars per week for each patient. Mr. Adams moved that the Committee be instructed to furnish to the Senate all the proposals submitted, which prevailed. I do not know precisely what were the propositions before the Committee, but I have been informed by parties who ought to know, that there were offers to keep the insane, on terms much more advantageous to the State than the one reported by the Committee. If they are furnished the Senate I will try to have a peep at them. I understand that one of the proposals was to keep the insane at a low price for eight years, meantime to build a good brick asylum and at the end of eight years to turn it over to the State. A motion was made to adopt the Committee's report, pending which the hour arrived for taking up the

SENATE JOINT RESOLUTION NO. 14,

designating the West side railroad as the one entitled to the land grants, as the special order. The resolution being taken up, a resolution was adopted requesting each company to furnish for inspection their stock books. Hon. J. K. Kelly appeared as the attorney of the West side company and Hon. J. H. Mitchell, for the East side company. The greater part of the session was occupied in reading various voluminous papers connected with the transactions of the two companies—articles of incorporation, contracts, correspondence, etc., etc.

After all the evidence had been submitted as concerned the East and West Side companies, Mr. Thompson moved that the Secretary of State be requested to furnish the Senate with the papers filed within the last week relating to the incorporation by Loryea, Nixon and Crawford, which was carried, and the Secretary came in and read the papers. The argument of counsel will be submitted to-morrow. The proceedings throughout the day, though of the dullest possible character, aside from the interest attaching to the result, of the contest, were witnessed by a large crowd in the lobby. After the adjournment of the Senate, "railroad" was the theme of discussion quite generally among both members and lobbyists in the halls and on the streets. The subject seems to be the absorbing interest on all hands.

A MUDDLE IN THE HOUSE.

A bill was passed last evening to donate certain lands to the Dalles Military Road Company, the vote being nearly unanimous. This morning for some reason, the vote was reconsidered by a very large majority and the bill was laid on the table. This afternoon, a motion was carried to take the bill from the table, and the reading was called for, when it appeared that the bill was not in possession of the House, it having been sent to the Senate immediately after its passage. The House remained for some time in a muddle about this matter, but finally wriggled out of it by concluding to wait till the bill would be recovered before taking final proceedings.

Mr. Davis presented a memorial from the State Agricultural Society, asking for an appropriation of $5,000 to aid the Society in obtaining, publishing and distributing statistical information concerning Oregon, for the purpose of inducing immigration. It was ordered printed.

Mr. Gazley presented a minority report on the Clackamas county contested case. It admits that Mr. Trullinger received three illegal votes and one about which there was some doubt. This would leave Mr. Trullinger in his seat by two majority. The House agreed to hold a session in the evening for the purpose of considering the majority and minority reports.

THE EVENING SESSION.

The majority and minority reports were taken from the table and read. Mr. Flook moved to adopt the minority report. Mr. Bellinger moved to amend by striking out "minority" and insert "majority." On this motion the debate on the merits of the contest occurred. Mr. Gazley opened by saying that he had, as a member of the committee, investigated this matter not as a partisan, but with a view to do exact justice between the contestants, and to act in accordance with the law. Would the House resolve to be governed in this matter by the law? The contestant had not served notice of contest till the 18th of September. The notice contained the names of certain witnesses whose testimony would be taken at the court house at Oregon City on a day named and thereafter till all depositions should be taken. It appeared in evidence before the committee that the witnesses named were not all examined. Some witnesses were examined whose names did not appear in the notice. The examination of such persons was *ex parte* and not in accordance with law. One witness was examined not at the designated place, but at a private house, without notice to the sitting member. The conclusion, then, of the majority of the committee as to the legality of the votes questioned, were based upon proceeding entirely unknown to the law relating to taking of evidence. If the committee or the House may act in this way upon the rights of members to seats here, why may they not act without any notice at all? Why not go on at any time, any place, in any secret manner, to get evidence and then come here, take the party in interest at this disadvantage, and wrest from him his rights. Mr. Gazley went on at considerable length to show the unlawful manner in which the evidence presented to the committee had been obtained. He then took up the names of the voters alleged in the majority report to be illegal, and showed that, by all the rules of law and fairness the committee could not present more than four of them as illegal voters. The discussion lasted till half past nine, when, after a number of motions to adjourn, to lay report on the table, to indefinitely postpone, etc., the House reached a vote on adopting the majority report, as follows: *Ayes*—Alexander of Linn, Bellinger, Beers, Bryant, Benson, Butler, Chapman, Crooks, Davis, Gray, Gilfrey, Grant, Johnson, Kirk, Louden, Neal, Powell, Rinehart, Ryan, Smith, Stites, Scoggins, Tandy, White, Waymire, Mr. Speaker—26. *Nays*—Alexander of Benton, Applegate, Burnet, Brown, Davenport, Denny, Flook, Gazley, Garrett, Hoxter, Jackson, Minto, Pendegast, Simpson, *Townsend* (Dem.), Taylor, Winston—17. *Absent*—Cox, Litchtenthaler, Drumheller. *Not voting*—Trullinger. Before the vote was taken the Sergeant at arms had to be sent to Bascom's and other places for absent Democrats who did not care to vote on the question; but being present did not dare to vote against the adoption of the report.

When the issue of greenbacks was necessary to save the country, the Northern sympathizers denounced them as "worthless rags." Now, when we are at peace, these same magnificent financiers want more of them! Their purpose then was to destroy the credit of the country and paralyze the hands of the Government, and they have the same purpose now. They then wanted rebel success and slavery. They now want repudiation and national disgrace.

In the debate in the Legislature on the petition of the Good Templars, Stout said that Order was doing a good work. But they have not yet succeeded in reclaiming that gentleman.

The assessment roll of the city and county of San Francisco, has just been completed and foots up as follows: Real estate, $63,576,179; personal property, $41,027,202 60.

BY TELEGRAPH.

[SPECIAL DISPATCH TO THE OREGONIAN.]

Oregon Legislature.

SALEM, Oct 8—9:30 P. M.—The House has voted on the Clackamas contested case. Trullinger is ousted and Cain admitted by a party vote, except that Townsend, of Polk county, Democrat, voted no.

SALEM, Oct. 9.—In the House Bellinger introduced a resolution declaring the seat of D. P. Trullinger vacant and that J. W. Cain is entitled thereto. The resolution was lost by the following vote: Ayes, 18, nays: Alexander, of Benton, Beers, Barrett, Brown, Davenport, Denny, Flook, Gazley, Garrett, Gilfrey, Hoxter, Jackson, Kirk, Louden, Minto, Pendegast, Rinehart, Simpson, Tandy, Taylor, Winston, White, Mr. Speaker—24. Eight of those voting nay are Democrats.

The balance of the forenoon and part of the afternoon were occupied in discussing a motion to take from the table the Gazley railroad memorial. Several members opposed taking it up till the Senate should pass Chapman's memorial. That memorial is now in the hands of a Senate Committee and it is reported they are awaiting the action of the House on Gazley's memorial.

The motion to take memorial from the table finally prevailed and it was adopted after a protracted debate.

Mr. Gilfrey introduced a bill providing for the erection of an insane asylum and to provide for its maintenance and government. Ordered printed.

In the Senate Hendershott introduced a bill to provide for the location of a suitable site for an insane asylum and penitentiary, for building of a penitentiary and for the sale of the Insane Asylum grounds now owned by the State.

Trevitt introduced a bill to regulate insurance business; also a bill to create an office of Attorney General of the State.

A resolution was adopted to pay Hole and Dolph per diem and mileage.

The Senate joint resolution designating the West Side Railroad Company as entitled to the land grant, was taken up. Messrs. Mitchell, attorney for East Side, and Kelly for West Side, submitted their arguments.

Mr. Stout offered a substitute for the resolution, providing that Congress be memorialized to confirm the grant of land to any company which shall first complete a railroad from Portland southerly through the Willamette valley. Senate adjourned without coming to a vote.

BRIEF ITEMS.—We learn from the *Advocate* that a hair wreath made of hair from the heads of [illegible] members of the Meth[illegible] Conference by Miss Bell [illegible]

A vote taken for President, by the settling clerks at the New York Clearing House, a few days since, gave Grant 36, Seymour, 15.

IT IS AN INVARIABLE LAW OF NATURE that every human being shall do those acts which he thinks will secure good to him, and that he shall avoid those acts which may occasion a loss to him or the family he is a member of. In conformity with that law it is the duty of every person to purchase of Kohn & Fishel all the goods they may be in need of. The fortunate who certainly are always most happy to comply with all things beneficial to themselves and families, should not fail to examine the fine and extensive stock of Kohn & Fishel, as they will confess their stock of Dry Goods is of superior quality and at figures below their rivals. Men more old and less calculating than our fair ladies should be reminded that Kohn & Fishel [illegible] are the leaders of fashion, the lowest in price, and no one should wear clothes unless they are purchased at Kohn & Fishel's, No. 91 Front street.

Come in the Forenoon to BUCHTEL'S GALLERY for the finest work in the art of Photography. Sun Pearls, Imperial Cards, Ambrotypes, Plain Photographs, Old Pictures Enlarged, Retouched, Painted in Oil or Water Colors. Come in the morning.

WILLIAM KOEHLER,
DENTIST.

OFFICE—Southwest corner Front and Yamhill Streets opposite E J Northrup & Co.'s Hardware Store.

I am now making amongst numerous other styles of ARTIFICIAL TEETH the improved Vulcanite Plates of Dr G W Cool's Patent patented Dec 3 1867 the improvement of which consists in lining the entire concave surface with fine gold which not only makes the plate double as strong, and cleanlier than the common Vulcanite Plate. It also can by it be made considerably thinner and lighter whereas the price is but little above that of the common plates. Call at I and see specimens.

N. B.—Dentists wishing to secure the office right for Dr G W Cool's Improved Vulcanite Plates can have it made out to them by applying to this office.

N. B.—To strangers I would say that my constantly increasing Dental Practice for the last five years in this city will be a sufficient guarantee for them to receive a First Class and Finished Piece of Work. No numerous testimonials to the same can be given at the office.

CHARTRES COFFEE!
Manufactory Established in June, 1851
STEAM POWER, NOS 625 AND 627 FRONT ST

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned who has always enjoyed public confidence for the excellent quality of his Coffee neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here and in the markets of the Interior a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who by counterfeit or imitation of his mark seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers the very flattering though unwilling testimony of the counterfeiters. Nevertheless buyers should be forewarned and placed on their guard against this practice.

EXTINGUISHER

PORTABLE

[S]ELF ACTING FIRE ENGINE!

THIS INVENTION HAS FOR ITS OBJECT THE extinguishing of fires in a [illegible] than has hitherto been discovered.

The [illegible] derived from the use of the EXTINGUISHER are as follows:

Every fire begins on a small scale and its rapid and uncontrollable increase is owing to the fact that at the time of its commencement (when every moment's delay in checking it is of the utmost importance) no means are ready at hand.

The EXTINGUISHER is the only Engine that fills this requirement.

It is always ready for use, though standing unused for years.

It puts out Fire instantly.

It saves the great deluge of water now used for this purpose.

It is as effective in the hands of a Boy as the most experienced Fireman.

It is portable, and as easily handled as a bucket of water.

It possesses within itself the power of a fire pump and as effective as a Steam Engine.

It is the only known invention that will put out Fires from Kerosene, Tar, Naphtaline and combustible materials now in common use.

PRICE—No. 1 $50. No. 2 $55, No. 3 $60.
